Allowable Subject Matter

1. Claims 1-21 are allowed.

2. The following is an examiner's statement of reasons for allowance: In the application filed 7/25/2003, applicant claims a polymerizable composition having the formula of the instant claim 1. Applicant also claims a polymer comprising the aforementioned polymerizable composition, a resist comprising the aforementioned polymerizable composition, and a lithographic process employing the aforementioned polymerizable composition. The examiner performed a search of the relevant prior art, obtained a structure of the formula that was performed by a PTO staff member, and considered the journal article listed on the PTO-1449. No applicable references were found. One reference, Jousset et al, teaches a similar composition, however, the reference fails to teach or suggest the instantly claimed polymerizable composition. Therefore, the instant claims 1-21 are allowable over the prior art of record, as the prior art of record fails to teach or suggest a polymerizable composition having the structure claimed by the instant claim 1.

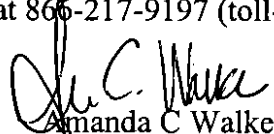

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Amanda C Walke whose telephone number is 571-272-1337. The examiner can normally be reached on M-R 5:30-4.
